INCLUDES

Pre-press:

Prep your supplied files (from our on-line template) for printing of graphic skin.

Graphic Skin:

Printing and production provided upon receipt of your artwork. Prints on durable PES 240 material, 4/0 -114" x 85.5". Hem with webbing on 4 sides and window cutout. Applied Velcro strips on top and bottom rings allow for easy attachment of external graphics.

Structure:

Collapsible frame made of three finished, wooden rings, three wooden shelf supports and four lightweight poles create 8' x 4' cylinder/frame. Delivers with hardware (hinges and pole couplings) already in place.

Carrying Case:

Reusable hard plastic shipping case with wheels and handle.
